Weather in October

Beijing weather in October is in general cool, with a big temperature difference between day and night. In Specific, the daytime temperature usually stays around 21 - 22 degrees Celsius (70 - 72 degrees Fahrenheit) in the first half month, while may be a little cooler below 20°C (68°F) in the second half month. As for the temperature of the nighttime, it can stay above 10°C (50°F) at the beginning of the month, and drop as low as around 5°C (41°F) at the end of the month. So remember to bring thicker jackets for evenings and early mornings.

Electricity

The electric current used in China is 220V 50Hz. Hotels provide 220V and 110V (shavers only) power outlets. For foreigners plug adapters and converters might be required.

Time

China covers five time zones – East Zone 5-9. Beijing time, which is in East Zone 8, is the only official time throughout the country; punctuality is highly appreciated.
