

华南新材料创新园介绍

华南新材料创新园是高金富恒集团依托自身产业资源牵头打造的，龙头企业创办的专业性科技企业孵化器。从2013年7月运营至今，已成功认定国家中小企业公共服务示范基地（创建对象）、国家级中小企业特色产业集群运营单位、工信部标准孵化器、广州市特色产业园区、广州市专精特新产业园、广州市特色标杆工业园培育项目等超100项荣誉资质。

华新园一期建筑面积22万m²，配套有实验室、共享办公空间、公共技术服务平台等各类设施。经过十余年的运营，创新性构建“龙头引领+集群孵化+价值共创”运营模式，搭建“六个一”服务机制，持续推动龙头企业与中小企业在创新链、产业链、资金链、人才链的四链深度融合，打造出龙头引领+大中小企业融通发展的新材料产业生态圈，形成“龙头带产业、产业聚集群、集群促创新”示范效应。

华新园累计引入及培育高新技术企业243家；专精特新企业147家（国家级“小巨人”18家，重点小巨人3家）；新锐100企业21家；新四板挂牌企业93家；瞪羚/瞪羚培育企业47家；潜在及未来独角兽15家；省工程技术研发中心20多家；76家企业获得“创客广东”等创新创业大赛奖项，累计推动园区企业技术合作115项。年总产值约130亿，税收贡献3.8亿元，增加就业岗位7000多个。

Introduction to South China New Materials Innovation Park

South China New Materials Innovation Park is a specialized technology business incubator founded by a leading enterprise and initiated by Gaojin Fuheng Group Co., Ltd. based on its own industrial resources. Since it began operation in July 2013, it has successfully been recognized as a National SME Public Service Demonstration Base (under creation), the operator of a national-level SME characteristic industrial cluster, a Ministry of Industry and Information Technology (MIIT) standard incubator, a Guangzhou Characteristic Industrial Park, a Guangzhou Specialized, Refined, Distinctive and Innovative Industrial Park, and a Guangzhou Characteristic Benchmark Industrial Park Cultivation Project, among more than 100 honors and qualifications.

Phase I of Huaxin Park has a building area of 220,000 m² and is equipped with laboratories, shared office spaces, public technical service platforms, and other facilities. After more than ten years of operation, it has innovatively established an operating model of “leading enterprise guidance + cluster incubation + value co-creation,” set up a “Six Ones” service mechanism, and continued to promote the deep integration of leading enterprises and SMEs across the four chains of innovation, industry, capital, and talent. It has created a new materials industrial ecosystem featuring leading enterprise

guidance and integrated development of large, medium, and small enterprises, forming a demonstration effect of “leading enterprises driving industry, industry gathering clusters, and clusters promoting innovation.”

Huaxin Park has cumulatively introduced and cultivated 243 high-tech enterprises; 147 specialized, refined, distinctive and innovative (SRDI) enterprises (including 18 national-level “Little Giant” enterprises and 3 key “Little Giant” enterprises); 21 New Star 100 enterprises; 93 enterprises listed on the New Fourth Board; 47 gazelle/gazelle-cultivated enterprises; 15 potential and future unicorns; more than 20 provincial engineering technology R&D centers; and 76 enterprises that won awards in innovation and entrepreneurship competitions such as “Maker Guangdong.” It has facilitated a total of 115 technology cooperation projects among enterprises in the park. Its annual total output value is approximately RMB 13 billion, its tax contribution is RMB 380 million, and it has created more than 7,000 jobs.
