

The 21st Beijing Conference and Exhibition on Instrumental Analysis (BCEIA 2025)

Academic Conference First Circular

The 21st Beijing Conference and Exhibition on Instrumental Analysis (BCEIA 2025) is scheduled to be held on September 10-12, 2025 at China International Exhibition Center (Shunyi Hall), Beijing. Adhering to the vision of “Analytical Science Creates Future”, BCEIA 2025 will continue to host academic conferences, forums, and exhibitions under the theme of “40 Years Prosperity, A New Era of Analytical Science”, welcoming and celebrating our 40th anniversary with all of BCEIA’s friends and partners.

The BCEIA was initially launched in 1985 and has been held 20 times biennially over 40 years. The latest BCEIA 2023 was held in September 2023, and 37,456 professional visitors participated onsite. 540 academic presentations were delivered by high-profile speakers during the 3-day Academic Conference, along with 372 Posters displayed, of which 29 won Excellent Posters Awards. The Exhibition attracted 723 enterprises to showcase their products, and the total exhibition area reached 53,400 m².

The upcoming BCEIA 2025 Academic Conference will bring together top scientists and experts from internationally renowned research institutions to discuss new technologies and applications of analytical instrumentations. The conference will consist of plenary lectures, parallel sessions, concurrent meetings, and poster sessions, tackling topics related to analytical sciences and technologies in fields such as life sciences, precision medicine, medical diagnosis, food, environment, materials, etc., that would help improve people's lives.

We sincerely look forward to your participation!
