

# Invitation Letter

Dear \_\_\_\_\_

The 3<sup>rd</sup> International Conference on Energy Chemistry (ICEC2025) will be held during June 26-29, 2025 in Shenzhen Kylin Villa, Shenzhen, China, with a theme of 'Towards a Carbon-Neutral Future: Innovations in Energy Chemistry'. The conference is organized by Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, Southern University of Science and Technology, Peking University.

ICEC2025 will bring together leading experts from the energy chemistry community and related fields to share and exchange their recent research ideas, progresses, and breakthroughs in areas such as energy materials, hydrogen production and storage, fuel cells, CO<sub>2</sub> capture and utilization, solar energy, energy storage and conversion, energy catalysis, commercial applications, and more.

ICEC2025 will provide an exceptional platform to connect with leading international academics and industry experts. Through dynamic discussions with pioneering researchers, innovators, and professionals, we will gain invaluable insights to drive future advancements in energy chemistry and related fields.

The registration fees are as follows:

Category	Early bird Extended to May 15th, 2025	Full rate From May 16th, 2025
Regular academia	330 USD /2400 CNY	385 USD /2800 CNY
Student	190 USD /1400 CNY	245 USD /1800 CNY
From company	660 USD /4800 CNY	770 USD /5600 CNY

- During the conference, delegates are responsible for their own accommodation, meals and transportation.
