## The Annual Meeting of International Society of Multidisciplinary Interventional Oncology

[www.ismio.net](http://www.ismio.net)

Suzhou, China  
Jun. 6-8, 2025

Dear colleagues and friends,

On behalf of the Organizing Committee of the International Society of Multidisciplinary Interventional Oncology (ISMIO), we warmly invite you to join the Annual Meeting of ISMIO (ISMIO 2025) on **June 6-8, 2025** at Worldhotel Grand Dushulake Suzhou in **Suzhou, China**.

ISMIO is a non-profit, apolitical professional society focusing on multidisciplinary and interventional oncology treatment for cancer patients and intends to structure, nurture, and support all interventionalists, surgeons, oncologists, scientists, industrial partners, and anyone caring about cancer treatment to connect and unite. The successful ISMIO 2024 meeting covered a wide range of topics on cancer, including the most advanced clinical and basic research, patient care, education and scientific publication. With an engaging lineup of presentations, workshops, active discussion, industrial exhibition, and more, ISMIO 2025 serves as a platform for the world's leading experts, researchers, and practitioners in interventional oncology and any fields related to oncology to come together, share their latest findings, and collaborate on innovative multidisciplinary cancer care strategies that improve patient outcomes.

To enhance in-depth understanding and presentation of advancements in oncology, ISMIO will focus on selected types of tumors each year. Liver cancer has been a major focus for ISMIO 2024 though many other topics were included. The ISMIO 2025 will focus on liver cancer (primary and metastases), lung cancer, breast cancer, pancreatic cancer, etc. We believe your work in this field is significant and fits the theme of our meeting very well, and sharing your knowledge and practices across borders is key to advancing cancer treatment of your expertise.

Known for its rich cultural heritage, classical gardens, and picturesque canals, Suzhou offers a harmonious blend of ancient tradition and modern innovation and is often referred to as the "Venice of the East". Beyond its historical charm, Suzhou is also a hub for high-tech industries and cutting-edge research, making it a fitting venue for this multidisciplinary scientific exchange that leaves a lasting impression.

We look forward to welcoming you to Suzhou and collaborating to advance global cancer care. For more information, please visit our website at [www.ismio.net](http://www.ismio.net) or contact International Liaison, Dr. Chu Hui (Angela) Zeng, at [general@ismio.info](mailto:general@ismio.info) or [angelazeng29@hotmail.com](mailto:angelazeng29@hotmail.com).
