Meeting Announcement of the 3rd International Conference on SERS (ICSERS-2025)

About Conference

The 3rd International Conference on SERS will be held during November 28-30, 2025 in Xiamen, China.

Gathering dozens of scientists and researchers engaged in various fields of SERS research worldwide, this conference aims to facilitate the sharing of the latest academic achievements and discussions on future development directions.

We sincerely invite colleagues from all sectors to participate in the conference and conduct in-depth exchanges with international experts and peers.

Conference Format

The official language of the conference will be English. The conference will remain a single session format and will have plenary lectures, keynote talks, invited talks, oral presentations, and poster presentations. Best Poster Awards will be presented to the best poster presenters during the conference. More information about invited talks can be found on the official website:

https://icsers-2025.scimeeting.cn/

Organization

This conference is hosted by:

- College of Chemistry and Chemical Engineering, Xiamen University
- State Key Laboratory of Physical Chemistry of Solid Surfaces

Plenary Speakers

1. Jwa-Min Nam Seoul National University, Republic of Korea
2. Stephan Link University of Illinois, USA
3. Tianquan (Tim) Lian Emory University, USA

4. Vartkess Ara Apkarian University of California, Irvine, USA

5. Hongxing Xu Wuhan University, China

6. Jin Zhang Peking University, China

Conference Schedule

Date	Time	Schedule
November 28th	Whole Day	Registration
November 29th	Morning	Opening Ceremony、Plenary Lectures
	Afternoon	Parallel Sessions
November 30th	Morning	Parallel Sessions
	Afternoon	Plenary Lectures、Closing Ceremony

Abstract Submission

This conference will cover all aspects of SERS and its application in various fields, such as electrochemistry, bioscience, material science, energy storage and conversion, and analytical Science, including but not limited to:

- Mechanism
- Electrochemistry
- Bioscience
- Catalysis
- Energy Storage and Conversion
- Materials
- Daily Life
- Tip-Enhanced Raman Spectroscopy
- Shell-Isolated Nanoparticle-Enhanced Raman Spectroscopy
- Plasmonics and Plasmonic Materials
- Plasmon-Enhanced Spectroscopy (IR, Fluorescence, SFG, and other Spectroscopies)
- Others

On the homepage of the conference official website, click "Abstract Submission". Follow the prompts to register an account, download the relevant forms and abstract template, and then complete the submission process step by step.

Submission Deadline: 23:59 on November 10, 2025

Registration

On the homepage of the conference official website, click "Registration" to register and make the payment. The registration fee includes:

- Access to the academic lectures and events
- Conference materials

The specific fee standards are as follows:

Category	**Until November 10, 2025**	**After November 11, 2025**
Reguar	2600 CNY/360 USD	3000 CNY/400 USD
Student	1300 CNY/180 USD	1500 CNY/200 USD
