# Joining Zoom Webinar as panelist

We will invite all session chairs and presenters as the panelist in the Zoom Webinar.

As panelist you can view and send video, share your screen, annotate, managing Q&A window during a webinar. The host (technician) is the one that schedules the webinar and they have full permissions to manage the webinar. Session Chairs will as a co-host also have many of the same controls as hosts do, such as mute/unmute panelists or attendees, stop video, remove attendees.

# Before you begin

### Zoom software installed on your computer in advance.

If you have used "Zoom" on your computer in the past, please make sure you have the latest version. If you do not have "zoom" installed on your computer, please visit <u>zoom.us</u> to download and install the latest version of the Zoom client.

### **Zoom Settings**

A. Click the gear wheel on the top right corner to open the settings window.

B. Click the "Video" for best results, use the following options:

- C. Click the "Audio" link in the left-hand column.
- Check that your input source is correct.
  If possible, use a lavalier microphone, headset, or external USB mic for the clearest sound.
- 2. Test your Input Level to ensure a clear, loud signal without clipping.
- The Input Level bar should max out about 70-80%
- Test your Speakers to ensure that the Output Level is clear without distortion.

# Here are some instructions for chairing and presenting in a virtual event.

## **Share Screen**

For speakers who will presenting online (Live) please refer to the instruction as below:

### Step 1: Unmute yourself and Start the Video Camera

Step 2: With your presentation file open, click the "Share Screen" button in the toolbar.

<u>ب</u>		<b>2</b> ^	<b>,</b>	P	<b>^</b>	4		1	Leave
Mute	Stop Video	Participants	Q&A	Chat	Share Screen	Raise Hand	Record	•	

## Step 3: Select the window of your slides and then click the blue 'Share' button.

(Check Share sound and Optimize for video clip if there is audio/video in your slides)

### If you're using PowerPoint, you can use the Slide Show view and Full screen mode.

### Tip:

To check other documents or prompts when sharing your screen you need a second monitor, or print out the text for your reference.

### **Live Discussion**

Session conveners/co-conveners are chairing and moderating the session. Presenters (oral/poster) are expected to be on-line during their session.

In order to maintain the interactive nature of the conference, there will be a live discussion followed by oral /poster presentation. The attendees in the rooms will be able to submit their questions by writing via the **Zoom Q&A window** whilst they view the presentation. The chair will decide which questions will be discussed at the end of all presentations. Speakers will answer the questions live or type out the answer.

In the latter part of the discussion, the Chair could prompt attendees to **Raise Hand** for questions. When the Chair announces the attendee's name to give the floor, they will be able to unmute themselves and raise the question.

## Managing Q&A window during a webinar

The Q&A feature for webinars allows attendees to ask questions during the webinar, and for the panelists to answer their questions.

#### **Answering questions**

- 1. As the panelist, click Q&A in the webinar controls.
- 2. Find the question you would like to answer.

3. Click Answer live to indicate to answer the question out loud during the webinar. After finishing answering, click the button *done*.

4. Click Type Answer to type out your answer for the attendee.

### Type your answer and click **Send**.

(Optional): Check Answer Privately before clicking send, if you would like to answer to the attendee only.

### **Answered questions**

In the Answered tab of the Q&A box, you can view questions that have already been answered.

For attendees, you can see answered questions and questions that haven't been answered are displayed. Also can click the thumbs up button to bring popular questions to the top of the Q&A window.

#### **Dismissing questions**

- 1. As the panelist, click Q&A in the webinar controls.
- 2. Hover over the question that you would like to dismiss and click Dismiss.
