

# The 8<sup>th</sup> International Conference on High Strength Low Alloy Steels

HSLA Steels 2022

Nanjing, China November 9-11, 2022

— Advanced Steels & Processing Technologies

## Overview of Conference Proceedings Instructions

Thank you for your interest in preparing a manuscript for the proceedings volume of The 8<sup>th</sup> International Conference on High Strength Low Alloy Steels (HSLA Steels 2022). The following overview may assist authors with some of the most common questions about submitting a manuscript.

### About the Publication

All the accepted manuscripts will be published in the conference proceedings.

### Deadlines

- The deadline for final, publication-ready manuscripts is **June 30, 2022**.

### Page Limits

- Plenary paper: 8 pages at the maximum
- Invited paper : 6 pages at the maximum
- Contributed paper: 4 pages at the maximum

### Formatting: All Publications

The volume of HSLA Steels 2022 will be published in one-column format, so please use the one-column template and instructions the follow. For all the manuscripts in proceedings, please use these tips to avoid common formatting errors:

#### 1. Manuscript

The composition of manuscript should be the following: title, authors' names, affiliations, abstract, key words, introduction, body of paper, conclusions, references. See details in attached format sample.

#### 2. Typing

The manuscripts should be typewritten or printed by laser printer on only one side of each standard A4 sheet and paginated throughout (including the abstract, figure captions, tables, and reference section). The printing should be in one column in good book face of 10.5 p in total of 46 lines. The margins for the page are 30 mm from upper and 20 from bottom edges, left edges and right edges.

#### 3. Figures

The words, letters and symbols in figures should be in 9 p, the vector and matrix in bold; and axis captions in coordinate graphics should be complete and should include measure words, units and symbols.

#### 4. Tables

There should be only one table per sheet, with numbers and titles placed above the tables, with three lines and auxiliary lines if necessary.

#### 5. Symbols

The symbols showing physic quantities, letters identifying points, lines and plans should be in italics.

#### 6. References

References should be numbered in the order they are mentioned in the text. The

reference section should be as the style shown below.

- Paper in a journal:  
[1] Hewitt J A, Kennedy W J ,Bernier C L ,et al. Effect of carbon on oxidation of ultrafine particles[J]. Acta Metall Mater ,1987, 23 (2) :18-21.
- Authored book:  
[2] Fletcher P R, Slater J C, Fu C L, et al. Use of medical literature[M]. 2nd ed. London: Butterworths,1977.
- Paper in conference proceedings:  
[3] MA Tingxi , LU Xueshu. Computer aided analysis of the penetration of mounted tillage implement[A]. Zhang Wei, Guo Peiyu ,Zhang Senwen eds. Agricultural Engineering and Rural Development [C]. Beijing : International Academic Publishers, 1992: 157-163.

Note: PowerPoint slides are not acceptable for the conference proceedings publication and should not be submitted.

## References

All the manuscripts in proceedings should include a references section. Each reference should include the completed information about the source material.

## Submitting Your Manuscript

Manuscripts should be submitted in both MS Word and PDF format.

The manuscripts together with the scanned copy of signed copyright transfer forms are requested to submit through the conference website: [www.hslasteels2020.com](http://www.hslasteels2020.com) before **June 30, 2022**.
