

15/08/2022

Dear Colleagues and Friends

Thank you for join the ASPR 2022 Annual Congress, we appreciate you taking part of this year event, the process of Abstract Review have almost finished, please kindly refer to the below list for review result:

Young Investigator Award				
Category	ID	Name	Affiliation	Abstract Title
1. Pulmonology 呼吸	1923	代冰	Children's Hospital of Chongqing Medical University	Etiology and Epidemiology of chronic cough in Children in Liaoning Province in China
1. Pulmonology 呼吸	89	刘婷婷	首都医科大学附属北京儿童医院	Analysis of disease burden of asthma among children and adolescents globally and in China
2. Infectious Disease 感染	2323	黄璐	深圳市儿童医院	Serotypes and antimicrobial resistance of invasive Streptococcus pneumoniae isolates in Shenzhen Children's Hospital from 2018 to 2020
3. Cardiology 心脏/心血管	931	谢丽萍	复旦大学附属儿科医院	Genome-wide Association Analysis of Susceptibility Loci for IVIG Resistance and Coronary Artery Lesions in Kawasaki Disease
3. Cardiology 心脏/心血管	1830	崔雅茜	北京大学第一医院	Spectrums of orthostatic intolerance and sitting intolerance and treatment options in children over the last 10 years: a single-center study
4. Haematology/Oncology 血液与肿瘤	987	林启洪	深圳市儿童医院	The clinical efficacy of PTCy-based unrelated cord blood assisting haploidentical stem cell transplantation for 261 pediatric patients with thalassemia major
4. Haematology/Oncology 血液与肿瘤	1352	万扬	中国医学科学院血液病医院	Clinical Feature and Effect of Demethylation therapy in pediatric Patients with Acute Myeloid Leukemia with Myelodysplasia-Related Changes (AML-MRC)
5. Neurology 神经	1091	万林	中国人民解放军总医院第一医学中心	Integration of multiscale entropy and BASED scale of electroencephalography after adrenocorticotrophic hormone therapy predict relapse of infantile spasms
5. Neurology 神经	1626	马嘉翼	北京大学第一医院	A prediction model integrating synchronization biomarkers and clinical features to identify responders to vagus nerve stimulation among pediatric patients with drug-resistant epilepsy
6. Neonatology 新生儿	300	李姣	四川大学华西第二医院	A Randomized Controlled Trial of Heparin for Occlusion of Peripherally Inserted Central Catheters in Very Preterm Neonates-----based on Electroscopic Analysis
6. Neonatology 新生儿	949	刘秀云	复旦大学附属儿科医院	mTOR pathway repressing expression of FoxO3 is a potential mechanism involved in neonatal white matter dysplasia

6. Neonatology 新生儿	1397	Roxanne Val Vaquilar	St. Luke's Medical Center -Quezon City	1 BillScore: Clinical Predictive Scoring Using Predischarge Transcutaneous Bilirubin and Clinical Factors as Screening Tool for Severe Hyperbilirubinemia in Late Preterm and Term Infants
9. Pediatric Intensive & Critical Care 儿童危重症	2167	刘刚	首都医科大学附属北京儿童医院	Survey of clinical characteristics and etiology of children with septic shock in PICU: a multicenter retrospective study in China
10. Endocrinology 内分泌遗传代谢	265	张贵娇	华中科技大学同济医学院附属同济医院	Association of Clinical Characteristics and Birth Size in Idiopathic Central Precocious Puberty Girls
13. Nephrology 肾脏	1906	周建梅	北京大学第一医院	Predictive value of urinary epidermal growth factor for remission of urinary protein in children with primary IgA nephropathy
14. Gastroenterology / Nutriology 消化与营养	2186	韩亚楠	西安交通大学附属儿童医院	UHRF1-mediated NPY1R gene methylation protects intestinal epithelial cells through activation of CREB signaling
15. Ultrasound / Radiology 影像	1565	许可	四川大学华西第二医院	Feasibility of Free Breathing Compressed Sensing Real-Time Cine Imaging for Assessment of Left Ventricular Strain using Cardiac Magnetic Resonance in Children
18. Child Health Care & Developmental Behavior 儿童保健与发育行为	113	周树青	南京医科大学附属妇产医院	Using machine learning to reveal the characteristic of eye movement patterns and relationship with cognition ability of Chinese children aged 1-6 years
23. In Utero Pediatrics 宫内儿科学	2280	张林	上海交通大学医学院附属新华医院	Effects of calcium, vitamin D and ascorbic acid supplementation during pregnancy on bone lead mobilization in lead-exposed rats
24. Rare Diseases 罕见病	1322	张朕杰	中国医学科学院北京协和医院	Genetic and Phenotypic Characteristics of 107 Patients with Mucopolysaccharidosis Type II: A Retrospective Observational Study in China
24. Rare Diseases 罕见病	1795	凌诗颖	上海交通大学医学院附属新华医院	The follow-up of Chinese patients in multiple methylmalonic acidemia identified through expanded newborn screening
25. Nursing 护理	651	花玮	复旦大学附属儿科医院	Effects of gestational age on peripheral perfusion index in healthy newborns at 12 hours after birth at sea level and mild altitude
25. Nursing 护理	867	范娟	重庆医科大学附属儿童医院	A home-based, post-discharge early intervention program for early premature infants relieves the parental stress level: a prospective, randomized controlled study

Oral Presentation				
Category	ID	Name	Affiliation	Abstract Title
1. Pulmonology 呼吸	489	蒋高立	复旦大学附属儿科医院	Clinical analysis and outcomes of children's interstitial lung disease accompanied with connective tissue disease
1. Pulmonology 呼吸	1165	张磊	上海交通大学医学院附属上海儿童医学中心	Application of Holmium Laser for Treating Severe Central Airway Stenosis in Infants
1. Pulmonology 呼吸	1632	王佳	中国医科大学附属盛京医院	Study on the Protective Effect and Mechanism of Micheliolide on Asthma Model by Regulating the Activation of NLRP3 Inflammasome through MAPK/NF- κ B Signal Pathway
1. Pulmonology 呼吸	2294	魏小玲	山东大学附属儿童医院/济南市儿童医院	Pulmonary function continues to decline in children with well-controlled asthma --A cohort study
2. Infectious Disease 感染	787	周建国	复旦大学附属儿科医院	Viral Load Kinetics of the SARS-CoV-2 Omicron Variant in Children aged 0-3 Years and their Parents
2. Infectious Disease 感染	1311	邱悦	复旦大学附属儿科医院	Clinical profiles and antimicrobial resistance patterns of invasive Salmonella infections in children in China
2. Infectious Disease 感染	1458	Jejasmin Enteria	Philippine Medical Association	EPIDEMIOLOGY OF HEALTHCARE-ASSOCIATED INFECTION IN NEONATES IN A TERTIARY PEDIATRIC HOSPITAL
3. Cardiology 心脏/心血管	1905	Mamoru Muraoka	Kyushu University	Differential presentation of renal disease in adult Fontan patients with or without liver disease
4. Haematology/Oncology 血液与肿瘤	1555	汪金燕	浙江大学医学院附属儿童医院	Clinical use of da Vinci robots in children's ovarian tumors
5. Neurology 神经	191	张佳	四川大学华西第二医院	Positive anti-NMDAR antibody secondary to acute necrotizing encephalopathy with herpes simplex virus infection in infants
5. Neurology 神经	322	董雪珊	重庆医科大学附属儿童医院	Clinical, radiological, therapeutic and prognostic differences between MOG-seropositive and MOG-seronegative pediatric acute disseminated encephalomyelitis patients: a retrospective study
5. Neurology 神经	1070	许艳	复旦大学附属儿科医院	Clinical and EEG Characteristics of Electrical Migrating Focal Seizures in neonates: Differentiation from Multiple Etiologies
5. Neurology 神经	2116	邹颖	首都医科大学附属北京儿童医院	Survival Analysis of 209 Chinese Patients with Leigh Syndrome
6. Neonatology 新生儿	299	张婷	四川大学华西第二医院	The relationship between human milk fortifier and feeding intolerance of preterm infants: a retrospective cohort study
6. Neonatology 新生儿	803	曹芯诚	复旦大学附属儿科医院	Epidemiology of fungal sepsis among preterm infants in 25 level three neonatal care intensive units in China: a multicenter study
6. Neonatology 新生儿	1336	陈小娜	北京大学第一医院	Characteristics of Gut Microbiota of Full-term Small Gestational Age Infants Within 1

ASPR2022 Abstract Review Result Announcement

				Week and Its Relationship With Neurodevelopment at 6 Months
6. Neonatology 新生儿	65	王婕	首都医科大学附属北京儿童医院	Flow Cytometry Analysis of Immune Components in Neonates born to Mothers with Perinatal Infection
7. Immunology 免疫	549	侯佳	复旦大学附属儿科医院	Variant type X91+ chronic granulomatous disease: clinical and molecular characterization in a Chinese cohort
8. Allergy 过敏	443	项蔷薇	温州医科大学附属第二医院	Intestinal microflora altered by vancomycin exposure in early life aggravates type 2 innate lymphocyte-dependent airway inflammation in asthmatic mice
9. Pediatric Intensive & Critical Care 儿童危重症	19	应佳云	复旦大学附属儿科医院	Blood purification in critically ill children: a large single-center 8-year retrospective study
9. Pediatric Intensive & Critical Care 儿童危重症	1387	Arnel Jr Jumayao	East Avenue Medical Center	VALIDITY OF THE PEDIATRIC RISK MORTALITY SCORE III (PRISM III) IN PREDICTING THE MORTALITY OF PATIENTS ADMITTED AT THE PEDIATRIC INTENSIVE CARE UNIT OF THE EAST AVENUE MEDICAL CENTER
10. Endocrinology 内分泌遗传代谢	1294	罗飞宏	复旦大学附属儿科医院	Early GH treatment improves mental development and alleviates deterioration of motor function in Prader-Willi syndrome
11. Clinical Epidemiology 临床流行病学	1780	欧阳凤秀	上海交通大学医学院附属新华医院	The Impact of Maternal Depression, Anxiety, and Stress on Early Neurodevelopment in Boys and Girls
13. Nephrology 肾脏	530	王春燕	复旦大学附属儿科医院	Duration of initial prednisolone therapy for first episode of childhood nephrotic syndrome based on time to response
14. Gastroenterology / Nutriology 消化与营养	1924	田心蓓	上海交通大学医学院附属新华医院	Loss of Mptx2 in Paneth cells increases the susceptibility to intestinal dysbiosis and inflammation
15. Ultrasound / Radiology 影像	2251	陈喜萍	重庆医科大学附属儿童医院	Doppler evaluation of hepatic hemodynamics after living donor liver transplantation in infants
17. Early Childhood Development 儿童早期发展	583	凌茹	南京市儿童医院	Procedural pain and brain development at 1 year of age in preterm infants
18. Child Health Care & Developmental Behavior 儿童保健与发育行为	339	陈晨	上海交通大学医学院附属上海儿童医学中心	Association between suboptimal 25-hydroxyvitamin D status and overweight/obesity in infants: a prospective cohort study in China
18. Child Health Care & Developmental Behavior 儿童保健与发育行为	504	董萍	复旦大学附属儿科医院	A longitudinal follow-up study on growth and nutritional status of a child with Silver-Russell phenotype caused by heterozygous mutation of PLAG1 gene
19. Psychology / Mental Health 心理	413	仇晓艳	上海市儿童医院	Prevalence and risk factors for children psychological health during the COVID-19 pandemic: A cross-sectional study Running title: psychological health in children
21. Sleep 睡眠	93	李玲玲	温州医科大学附属第二医院	The protective of Nrf2 on cognitive impairment in chronic intermittent hypoxia and sleep fragmentation mice

24. Rare Diseases 罕见病	739	王利	复旦大学附属儿科医院	Splicing analysis and defining pathogenicity of MYO5B intronic and synonymous variants
24. Rare Diseases 罕见病	1574	陈奕	北京大学第一医院	PCDH19 Clustering Epilepsy in Males: Mutant Allele Frequencies Correlate with the Severity of Phenotypes
25. Nursing 护理	471	章莹莹	复旦大学附属儿科医院	Development of 'intelligent Risk Assessment and Early Warning System' for deterioration in pediatric patients based on Clinical Decision Support System-Reference Model
25. Nursing 护理	573	王云	深圳市儿童医院	Construction and application of early postoperative activity program in children with intestinal surgery under the concept of accelerated rehabilitation surgery
25. Nursing 护理	619	冷虹瑶	重庆医科大学附属儿童医院	Construction of the quality evaluation index system for transitional care of pediatric patients with chronic diseases
25. Nursing 护理	1052	董超	深圳市儿童医院	Computerized assessment of executive function in children with ADHD: a cross-sectional study with CANTAB
25. Nursing 护理	1135	崔瑾	重庆医科大学附属儿童医院	Research on the knowledge, beliefs, practices and barriers to action management of out-of-hospital acute seizures in children with epilepsy among Chinese families: A hybrid research study
25. Nursing 护理	1675	赵康佳	上海交通大学护理学院	A predictive model for treating-related febrile neutropenia in children with hematologic tumors based on patient-reported tool
25. Nursing 护理	2089	王旭海	首都医科大学附属北京儿童医院	Summary of the best evidence for prevention strategies of exercise-related hypoglycemia in type 1 diabetes children after discharge
