SCC 2024
The 25th South Congress of Cardiology

Call for Abstracts
(First Announcement)

DATE † April 11-14, 2024

VENUE † Guangzhou Yuexiu International Conference Center
WELCOME MESSAGE

Dear colleagues and friends:

Organized by the Guangdong Medical Association, Guangdong Pharmaceutical Society, Guangdong Medical Doctor Association, Guangdong Society of Interventional Cardiology, co-organized by the Cardiovascular Disease Specialty Committee of the southern provinces and cities of China and the Cardiovascular Specialty Academy of Hong Kong, Macao and Taiwan, host by Guangdong Provincial People’s Hospital (Guangdong Academy of Medical Sciences), Guangdong Cardiovascular Institute and Periodical Office of Prevention and treatment of Cardiovascular Disease, the 25th South Congress of Cardiology (SCC) will be held on April 11-14, 2024, in Guangzhou, China. On behalf of the organizing committee of the conference, we would like to sincerely invite you to attend this event.

After 25 years of efforts and development, the SCC has become a highly influential brand of academic conference in China and even internationally with the strong support of domestic and foreign counterparts, especially the cardiovascular colleagues in the southern provinces. With the theme of "Inheritance, Innovation, Forging ahead and Pioneering", this year’s meeting will continue to uphold the development concept of being based on the South, linking the whole country and looking at the world, and will bring together famous cardiovascular experts at home and abroad to share the new achievements in the prevention and treatment of cardiovascular diseases and basic research, and to introduce the latest advances in cardiovascular disease research both at home and abroad. At the same time, we will emphasize the popularization and promotion of new diagnostic and treatment technologies, implement the national strategy of sinking high-quality medical resources to the grassroots level, and promote the development of cardiovascular disease together with our colleagues across the country.

This year’s conference will be more diversified to show the new technologies, new ideas and new progress in the field of cardiovascular disease at home and abroad. The conference will set up a number of thematic sub-forums covering the fields of cardiology, cardiac surgery, pediatric cardiology, interventional cardiology, cardiac pacing and electrophysiology, hypertension and metabolic syndrome. Through multi-dimensional forms, this conference will comprehensively display new technologies, new concepts and new progress in the field of cardiovascular disease at home and abroad, presenting a high-specification, high-level, high-quality academic feast for domestic and foreign colleagues!

We sincerely look forward to meeting you in Guangzhou to share the academic feast!
