

The Chinese Society
of Toxicology

Invitation for Sponsorship and Exhibition

The 17th International Congress of Toxicology
(ICTXVII, ICT2025)

October 15-18, 2025

Beijing, China

Dear Sir/Madam,

International Congress of Toxicology is an important international academic conference launched by the International Union of Toxicology (IUTOX) every three years. The purpose of IUTOX is to foster scientific co-operation in the world and promote the progress in toxicological science and technology, in particular by sponsoring the international congress of IUTOX. Up to now, sixteen times of international congress of IUTOX has successfully been organized. During the 15th International Congress of Toxicology held in USA in July 2019, through the election, IUTOX has made a decision that the 17th International Congress of Toxicology is going to be held by the Chinese Society of Toxicology in 2025.

The 17th International Congress of Toxicology (ICTXVII, ICT2025) will take place in Guoce International Conference and Exhibition Center, Beijing, China, from October 15 to 18, 2025. The Congress will be co-hosted by IUTOX and the Chinese Society of Toxicology (CST).

The theme of ICT2025 is “**Toxicology for Safe Environment & Healthy Life**”.

The congress will proceed through the series of the keynote and plenary lectures, symposiums, workshops, continuing education courses as well as poster presentations.

The topics of the Congress include (not limited) Environmental toxicology, nanotoxicology, clinical toxicology, epigenetic toxicology, biochemical and molecular toxicology, industrial toxicology and chemical injury, analytical toxicology, genotoxicity and carcinogenicity assessment, heavy metal toxicity and related diseases, computational toxicology, modeling and simulation in toxicology and disease, target organ toxicities and molecular mechanisms, drug and food safeties and risk assessment, toxicology of herbal and natural medicines, alternative methods in toxicology, 21st Century predictive toxicology, next-generation risk assessment (NGRA), new approach methodologies (NAMs) and application in toxicology, safety assessment for new energy, big data and artificial intelligence, organ-on-a-chip and 3D printing, toxicomics and high throughput analysis, toxicity pathways and adverse outcome pathways, regulation and acceptance, toxicology education, etc.

It is expected that more than 3,000 scientists and experts in toxicology and related fields in the world will attend ICT2025.

During the congress, an Expo will simultaneously be hold, relevant enterprises and institutions will be provided with opportunities to promote themselves, display their products and technologies, and look for close cooperators. Your company is specially invited to participate in the exhibition and sponsor the congress. The cooperation/sponsor forms are as follows:

- (1) To place a full-page color advertisement in the conference manual as well as online advertisement;
- (2) Provide equivalent to 2 standard booths (main position);
- (3) The sponsor's website can be linked to the homepage of the conference website of Chinese Toxicology Society;
- (4) The background wall of the conference, the background board of conference registration and conference procedure book shall be marked with the gold sponsor;
- (5) Jointly organize a special session of symposium in form of title sponsor;
- (6) Free registration fee and meal fee for 6 participants, and invited to the welcome dinner;
- (7) Other matters shall be settled in consultation with the organizer.

3. Silver medal Sponsor: 80,000 RMB Yuan or USD \$12,000

- (1) To place a full-page color advertisement in the conference manual as well as online advertisement;
- (2) Provide a standard booth (main position);
- (3) The sponsor's website can be linked to the homepage of the conference website of Chinese toxicology society;
- (4) The background wall of the conference, the background board of conference registration and conference procedure shall be marked with the silver sponsor;
- (5) Free registration fee and meal fee for 4 participants, and invited to the welcome dinner;
- (6) Other matters shall be settled in consultation with the organizer.

4. Bronze medal Sponsor: 50,000 RMB Yuan or USD \$8,000

- (1) To publish a half-page color advertisement in the conference manual as well as online advertisement;
- (2) Provide a standard booth (near the main location)
- (3) The sponsor's website can be linked to the homepage of the conference website of Chinese toxicology society;
- (4) The background wall of the conference, the background board of the conference registration and conference procedure shall be marked with the bronze sponsor;
- (5) Free registration fee and meal fee for 3 participants, and invited to the welcome dinner.

5. Exhibitor: 20,000 RMB Yuan or USD \$3,000

- (1) Provide a booth (size according to the site);
- (2) Sponsor shall be indicated in the conference manual;
- (3) Free registration fee and meal fee for 2 participants.

6. Special Sponsor: 10,000 RMB Yuan or USD \$1,500

(Only one of the following conditions is guaranteed for each sponsor, and the production cost of the following articles and materials shall be paid by the sponsor, and the appearance and

form shall be agreed by both sponsor and organizer)
