

# Invitation Letter

**Dear colleagues and friends,**

On behalf of the Organizing Committee, we are pleased to announce that **the Annual Meeting of Chinese College of Interventionalists (CCI 2024)** will be held on **November 14-17, 2024** at the International Youth Convention Center in Nanjing, China

With a specific passion for interventional procedures, CCI has persistently grown and become the largest, most comprehensive interventional society in China, covering all disciplines that facilitate the development of interventional therapy with all kinds of devices/techniques that can be used. Through active collaboration with internationally recognized professional societies (e.g., SIR, CIRSE, APSCVIR, GEST, SIO, SGI, PAIRS, CAIR, KSIR, JSIR, TSVIR), CCI keeps its true motivation to push the boundaries of this specialty. In the past year's meeting, around 10,000 participants were attracted to share their knowledge and experience in this field. A significant contribution was made by 1,235 invited speakers in 222 sessions. While showing you China's great potential to become one of the largest conferences and markets for interventionalists locally and internationally, we strongly encourage you to embrace the opportunity to learn from one another and keep pursuing excellence in the field of interventional therapy by joining us at CCI 2024. For more details, please visit our website at **[www.cci-intervention.com](http://www.cci-intervention.com)** or contact International Liaison, Dr. Chu Hui (Angela) Zeng, at **[angelazeng29@hotmail.com](mailto:angelazeng29@hotmail.com)**.

Nanjing is an ancient and beautiful city located along the Yangtze River in China, which is just 1.5 hours away from northern Shanghai by express train. As the present capital city of Jiangsu Province, Nanjing represents much of the 3000-year Chinese history. We are thrilled to provide you with a productive and rewarding scientific meeting and very much look forward to meeting you there.

Yours sincerely,

**Gao-Jun Teng, MD, FSIR, FCIRSE**  
**President, CCI, CCI 2024**

# The Annual Meeting of Chinese College of Interventionalists (CCI 2024)

**November 14-17, 2024**

**Nanjing, China**
