

Welcome Message

Dear colleagues and friends,

On behalf of the Organizing Committee of the International Society of Multidisciplinary Interventional Oncology (ISMIO), we cordially invite you to join the Annual Meeting of ISMIO (ISMIO 2025), which will be held on **June 6–8, 2025** at Worldhotel Grand Dushulake Suzhou in **Suzhou, China**.

ISMIO is a non-profit, apolitical professional society focusing on multidisciplinary treatment for cancer patients and intends to structure, nurture, and support all surgeons, interventionalists, oncologists, scientists, industrial partners, and anyone who cares about cancer treatment or research to connect and unite. The ISMIO 2024 meeting covered a wide range of topics on cancer, including the most advanced clinical and basic research, patient care, education and scientific publication. With an engaging lineup of presentations, workshops, active discussion, and more, ISMIO 2025 serves as a platform for the world's leading experts, researchers, and practitioners in oncology to come together, share their latest findings, and collaborate on innovative multidisciplinary cancer care strategies that improve patient outcomes.

We would like to encourage you to submit your abstracts by **Friday, February 28, 2025** for possible oral or poster presentations. A total of **10 International Travel Award** winners will receive USD 500 each. In addition, all winners will be invited to submit a manuscript to **EngMedicine**, the partnering journal of ISMIO, which is an international, peer-reviewed, open-access research publication covering the full spectrum of research from the interdisciplinary discipline of medical engineering and translational medicine to help solve understanding of human disease or its prevention, diagnosis, treatment, alleviation, or monitoring.

Known for its rich cultural heritage, classical gardens, and picturesque canals, Suzhou offers a harmonious blend of ancient tradition and modern innovation. Often referred to as the "Venice of the East", Suzhou's famed classical gardens are a UNESCO World Heritage Site. Beyond its historical charm, Suzhou is also a hub for high-tech industries and cutting-edge research, making it a fitting venue for this multidisciplinary scientific exchange that leaves a lasting impression. We encourage you to take full advantage of the opportunities to connect with your colleagues, exchange ideas, and explore the remarkable sights that Suzhou has to offer.

For more information, please visit our website at **www.ismio.net** or contact International Liaison, Dr. Chu Hui (Angela) Zeng, at **angelazeng29@hotmail.com** or **general@ismio.info**. See you at ISMIO 2025!

Yours sincerely,

Gao-Jun Teng, MD, FSIR, FCIRSE
President, ISMIO 2025
Founder, ISMIO
Zhongda Hospital, Southeast University, CN

David Madoff, MD, FSIR, FCIRSE
Co-Founder, ISMIO
Yale School of Medicine, US

Uei Pua, MD, FSIR, FCIRSE
Co-Founder, ISMIO
Tan Tock Seng Hospital, SG

Abstract Category

1. First Release of Clinical Trials of Malignancies

2. New Techniques for Screening and Diagnosis of Malignancies

- Artificial Intelligence
- Biomaterials
- Phenomics
- Proteomics, Genomics
- Radiomics and Multi-omics

3. Treatment by Interventional and Multidisciplinary Oncology

- Primary Liver Cancer

- Liver Metastases
- Breast Cancer
- Lung Cancer
- Gynecologic Cancer
- Brain, Head, and Neck Tumors
- GI Cancer
- Pancreatic Cancer
- Genitourinary Cancer
- Pediatric Oncology
- Arterial and/or Venous Malformation, and Benign Tumors
